#### Independent Auditor's Report

To the Board of Commissioners Lancaster County Water and Sewer District Lancaster, South Carolina

### Report on the Audit of the Financial Statements

### **Opinion**

We have audited the financial statements of the Lancaster County Water and Sewer District (the "District") as of and for the years ended June 30, 2025 and 2024 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audits and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Lancaster County Water and Sewer District as of June 30, 2025 and 2024, and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Catawba River Water Supply Project, a joint venture, the investment in which, as discussed in Note II. C, is accounted for by the equity method of accounting. The investment in Catawba River Water Supply Project represents 12% and 3% of the District's assets and change in net position, respectively. Those statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Catawba River Water Supply Project, is based solely on the report of the other auditors.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in Government Auditing Standards (Government Auditing Standards), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards*, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Pension Schedules, and the Other Postemployment Benefit Plan Schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The Debt Service Coverage Schedule for the years ended June 30, 2025 and 2024 on page 50, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Debt Service Coverage Schedule for the years ended June 30, 2025 and 2024 on page 50 is fairly stated in all material respects in relation to the financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 13, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Greene Finney Cauley, LLP Mauldin, South Carolina

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### YEARS ENDED JUNE 30, 2025 AND 2024

This discussion and analysis of the Lancaster County Water and Sewer District (the "District") financial performance provides an overview of the District's financial condition and activities for the years ended June 30, 2025 ("2025") and June 30, 2024 ("2024"). This information should be read in conjunction with the financial statements.

#### FINANCIAL HIGHLIGHTS

The following are financial highlights for the year ended June 30, 2025 compared to the year ended June 30, 2024:

- The District's net position increased by \$37.5 million or 13.5 percent from \$277.8 million to \$315.3 million.
- Operating revenues increased by \$5.7 million or 14.4 percent from \$39.7 million to \$45.4 million.
- Operating expenses increased by \$4.7 million or 14.9 percent from \$31.8 million to \$36.5 million.
- Operating income increased by \$1.0 million or 12.4 percent from \$7.8 million to \$8.8 million.
- Investment in joint venture decreased by \$1.0 million or 2.1 percent from \$45.7 million to \$44.7 million.
- The District continues to make principal payments on the 2013, 2015, and 2020 Revenue Bonds. Principal and interest payments are made each October and April of the fiscal year.
- As of June 30, 2025, the District has under construction \$28.6 million in both growth and rehabilitation projects.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The District's annual financial report consists of the Management's Discussion and Analysis (MD&A), Financial Statements, Required Supplementary Information (RSI), Supplementary Information, and the Compliance Section. The MD&A serves as an introduction to and should be read in conjunction with the financial statements. The financial statements include notes which explain in detail some of the information included in the financial statements.

The financial statements report information about the District using the full accrual basis of accounting in a manner similar to those used by private sector companies. However, rate-regulated accounting principles applicable to private sector utilities are not used by government utilities. The financial statements include a statement of net position; statement of revenues, expenses and changes in net position; statement of cash flows; and notes to the financial statements. The District accounts for its activities using a *proprietary (enterprise) fund*.

Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The *statement of net position* provides information about the types and amounts of resources and obligations at year-end and distinguishes between current and non-current, or long-term, assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The statement of net position presents information about all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between assets/deferred outflows of resources and liabilities/deferred inflows of resources being reported as total net position. Over time, a change in net position is one indicator of whether the financial position of the District is improving or deteriorating.

The statement of revenues, expenses, and changes in net position presents the results of activities over the course of the fiscal year. Information is provided about how net position changed during the year. This statement measures the success of the District's operations over the past year and can be used to determine whether the District has successfully recovered all its costs through its user charges and fees, profitability and creditworthiness.

The *statement of cash flows* provides information about the District's cash receipts, cash payments and changes in cash resulting from operations, investments, and non-capital financing activities as well as capital and related financing activities. From the statement of cash flows, the reader can obtain information on the source and use of cash and the change in the cash balance from the beginning of the current fiscal year.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### **YEARS ENDED JUNE 30, 2025 AND 2024**

## **OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

Notes to the financial statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the District's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies and subsequent events.

#### ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS

#### **Financial Condition**

Total assets increased by \$39.2 million or 11.6% from 2024 to 2025 primarily due to an increase in capital assets of approximately \$35.4 million. The increase in capital assets is primarily due to an increase in construction in progress for several large investments. The remaining increase in assets is attributed to the \$9.7 million increase in accounts receivable. Total deferred outflows of resources decreased by \$494 thousand and total deferred inflows of resources decreased by \$241 thousand due to changes in the District's proportionate share of the net pension liability and related deferred inflows and outflows. Total liabilities increased by \$1.4 million primarily due to the increase in accounts payable and unearned revenue offset by a decrease in revenue bonds due to the payable scheduled principal payments of \$3.2 million.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

**YEARS ENDED JUNE 30, 2025 AND 2024** 

#### ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS (CONTINUED)

#### **Financial Condition (Continued)**

Total assets increased by \$13.3 million or 4.1% from 2023 to 2024 primarily due to an increase in cash and cash equivalents of approximately \$8.1 million. The \$8.1 million increase in cash and cash equivalents is primarily due to operating revenues exceeding operating expenditures. The remaining increase in assets is attributed to the \$6.5 million increase in capital assets. Total deferred outflows of resources increased by \$425 thousand and total deferred inflows of resources increased by \$792 thousand due to changes in the District's proportionate share of the net pension liability and related deferred inflows and outflows. Total liabilities decreased by \$230 thousand primarily due to scheduled principal payments on the revenue bonds of \$3.2 million partially offset by a \$3.1 million increase in unearned revenue from developer capacity receipts.

Net investment in capital assets, a component of net position, increased by \$37.9 million to \$239.5 million from 2024 to 2025, primarily due to current year capital additions of \$41.3 million and principal payments on bonds of \$3.2 million offset by \$6.6 million in depreciation.

Net investment in capital assets, a component of net position, increased by \$9.1 million to \$201.6 million from 2023 to 2024, primarily due to current year capital additions of \$17.7 million and principal payments on bonds of \$3.2 million offset by \$6.0 million in depreciation expense and net disposals of \$5.1 million

Unrestricted net position, a component of net position, increased by \$3.8 million to \$49.3 million from 2024 to 2025, primarily due to an increase in operating revenues of \$5.7 million.

Unrestricted net position, a component of net position, increased by \$1.6 million to \$45.5 million from 2023 to 2024, primarily due to an increase in water and sewer service revenues of \$2.3 million.

**Operating Revenues:** Total operating revenues increased \$5.7 million, or 14.4% in 2025. The majority of the District's operating revenue comes from water and sewer sales and service.

For the year ended June 30, 2025, water and sewer connection fees increased \$3.2 million.

For the year ended June 30, 2024, water and sewer connection fees decreased \$4.1 million.

**Operating Expenses:** The total operating expenses of the District increased by \$4.7 million, or 14.9%, to \$36.6 million in 2025. Approximately \$2.5 million of this increase is due to an increase in costs of water and sewer.

The total operating expenses of the District increased \$1.6 million, or 5.4%, to \$31.8 million in 2024. Approximately \$860 thousand of this increase is due to an increase in depreciation costs.

Capital Contributions: The District is subject to GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions". The types of non-exchange transactions the District engages in are primarily contributed infrastructure. Capital contributions collected by the District are made up of infrastructure contributed by developers or other governments. Capital contributions were \$18.7 million in 2025 compared to \$11.1 million in 2024, an increase of \$7.6 million. Capital contributions were \$11.1 million in 2024 compared to \$9.7 million in 2023, an increase of \$1.4 million.

**Capital Grants:** For the year ending June 30, 2025, the District received \$3,080,000 in federal grant funding to partially fund the Gallo Forcemain sewer project, and \$6,857,860 in federal funding to partially fund the Riverside Road Water Transmission project.. The District did not receive grant funding for the year ending June 30, 2024.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

**YEARS ENDED JUNE 30, 2025 AND 2024** 

#### CAPITAL ASSET ADMINISTRATION

At the end of 2025, the District had approximately \$262.7 million invested in capital assets, net of depreciation. This was an increase of approximately \$35.4 million from the prior year end due to current year additions of \$42.0 million offset by \$6.6 million in depreciation expense. Major capital asset additions for 2025 included approximately \$27 million in infrastructure and \$15 million in construction in progress mostly related to the Gallo Forcemain sewer project and the Riverside Road water transmission project.

At the end of 2024, the District had approximately \$227.3 million invested in capital assets, net of depreciation. This was an increase of approximately \$6.5 million from the prior year end due to current year additions of \$17.7 million offset by \$6.0 million in depreciation expense and net disposals of \$5.1 million. Major capital asset additions for 2024 included approximately \$10.4 million in infrastructure and \$6.1 million in construction in progress mostly related to the Regional Wastewater Rehabilitation Collection and Highway 521 20" Transmission Phase 3 projects. Major capital asset disposals included approximately \$4.8 million in assets related to the Regional Wastewater Rehabilitation Collection project that were transferred to the City of Lancaster.

Additional information about the District's capital assets is included in Note II.E in the Notes to the Financial Statements.

#### LONG-TERM DEBT

At the end of 2025, the District had \$27.3 million in outstanding long-term debt compared to \$30.5 million as of June 30, 2024 and \$33.6 million as of June 30, 2023. The \$3.2 million decrease from June 30, 2024 to June 30, 2025 represents the principal payments of the 2020, 2015, and 2013 Revenue Bonds. The \$3.1 million decrease from June 30, 2023 to June 30, 2024 represents the principal payments on the revenue bonds.

In October 2013, the District issued a 2013 Revenue Bond. The principal balance due at June 30, 2025 and 2024 was \$3,015,000 and \$3,730,000, respectively. The issue was to finance, among other things, the Catawba River Water Treatment Plant Redundancy and Reliability Project, reimbursement of Capital Improvement Program funds expended as well as a portion of the Fixed Based Meter System and other Capital Improvement Program funds as noted in the Bond documents.

The District issued a 2015 Revenue Bond during the month of October 2015. The principal balance due at June 30, 2025 and 2024 was \$4,658,000 and \$5,377,000, respectively. The 2015 Revenue Bond was issued to fund the District's allocable portion of the Catawba River Water Treatment Plant River Pump Station and Intake Improvements and a portion of the New Raw Water Reservoir Expansion Project.

The District issued a 2020 Revenue Bond during the month of February 2020. The principal balance due at June 30, 2025, and 2024 was \$19,594,000 and \$21,367,000, respectively. The 2020 Revenue Bond was issued primarily to fund the improvements at the District's Indian Land Wastewater Treatment Plant as required to upgrade the treatment capacity of the facility from 2 million gallons per day (MGD) to 5 MGD.

Additional information on the District's long-term debt is included in Note II.F in the Notes to the Financial Statements.

## ECONOMIC FACTORS AFFECTING FUTURE BUDGETS AND RATES

- The District's Board of Commissioners approved the Operating Budget for Fiscal Year Ending June 30, 2025. The Operating and Maintenance Fund consists of revenues and expenses in connection with the normal, daily operations of the District. The water and sewer rates will increase by an average of 4% effective July 1, 2025.
- We anticipate growth rates of 3% to continue as projected by the SC State Census Data with growth corridors expanding beyond Indian Land to central Lancaster County and the southwest Catawba Ridge area.
- The District has a needs-driven Water and Sewer Capital Improvement Program with over \$300 million in water and sewer projects required to support the proposed growth anticipated over the next 20-year time period.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

#### YEARS ENDED JUNE 30, 2025 AND 2024

#### ECONOMIC FACTORS AFFECTING FUTURE BUDGETS AND RATES (CONTINUED)

Lancaster County remains in a growth period that requires significant needs driven Capital Improvement Projects. The District utilizes the water and wastewater capacity fees collected for new services to fund growth related capital investments which minimizes the current customers' share of the financial burden of growth. The District's Capital Improvement Program and System Improvements and Replacements includes the following for year ending June 30, 2026:

Clem's Branch PS Upgrade State Line Tank Relocation Upper Sugar Creek Forcemain - Phase 1 Calvin Hall Forcemain Riverside Road Regional Transmission Project Bridgemill #2 Gravity Outfall Developer Reimbursement Agreements Land Acquisition University Drive Connector Water Main CRWSP SCADA/Surveillance Pump **ILWWTP** Residual Storage Improvements ILWWTP SCADA Upgrade Twelve Mile Creek Interceptor Phase 1 Catawba Ridge FM-Meeting Street to Grace Avenue Catawba Ridge Repump Station Turkey Creek PS Abandonment Transportation Betterment

The District continues to be aggressive in its goal to provide water and sewer service for residents and businesses in Lancaster County.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

The primary purpose of this financial report is to provide a general overview of Lancaster County Water and Sewer District's finances and to demonstrate the District's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to:

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEARS ENDED JUNE 30, 2025 AND 2024

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. The Reporting Entity

This summary of significant accounting policies of Lancaster County Water and Sewer District (the "District") is presented to assist in understanding the financial statements. The financial statements and notes are representation of the District's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America ("GAAP") and have been consistently applied in the preparation of the financial statements.

Lancaster County Water and Sewer District was established by the South Carolina General Assembly as a political subdivision of the State of South Carolina for the purpose of providing water and sewer service to the citizens, businesses and industries throughout Lancaster County except the incorporated areas of the municipalities as of 1959. In order to provide better water and sewer service, in August 1974, the District consolidated the territory and received the assets and assumed the liabilities of the following water districts of Lancaster County: Gills Creek Water District, Rural Community Water District, Dixie Water District, Sherwood Water District, Douglas Water District, Kershaw Water District, and Tradesville Water District and created Gooch's Crossroads Sanitary Sewer Sub-District of Lancaster County Water and Sewer District which was later consolidated and merged into a single system for all purposes. The merged system operates as the "Lancaster County Water and Sewer District".

### B. Measurement Focus, Basis of Accounting, and Basis of Presentation

All activities of the District are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

**Proprietary fund types** are accounted for based on the economic resources measurement focus and use of the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Proprietary funds are made up of two classes: enterprise funds and internal service funds. The District does not have any internal service funds and has one enterprise fund.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District are charges for goods and services provided. Operating expenses of the District include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are generally reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

### C. Management Estimates

The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEARS ENDED JUNE 30, 2025 AND 2024

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity

#### 1. Cash, Cash Equivalents, and Investments

The District considers all highly liquid investments (including restricted assets) with original maturities of three months or less when purchased to be cash equivalents. Securities with an initial maturity of more than three months (from when initially purchased) are reported as investments.

The District's investment policy is designed to operate within existing statutes that authorize the District to invest in the following:

- (a) Obligations of the United States and agencies thereof.
- (b) General obligations of the State of South Carolina or any of its political units; Obligations issued by the Federal Financing Bank, Federal Farm Credit Bank, the Bank of Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, if, at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (c) (i) General obligations of the State of South Carolina or any of its political units; or (ii) revenue obligations of the State of South Carolina or its political units, if at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (d) Savings and Loan Associations to the extent that the same are insured by an agency of the federal government.
- (e) Certificates of Deposit and funds in deposit accounts with banking institutions provided that such certificates and funds in deposit accounts are collaterally secured by securities of the type described in (a) and (b) above, held by a third party as escrow agent, or custodian of a market value, not less than the amount of the certificates or funds in deposit accounts so secured, including interest; provided, however, such collateral shall not be required to the extent the same are insured by an agency of the federal government.
- (f) Repurchase agreements when collateralized by securities as set forth in this section.
- (g) No load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond or other debt issue of that local government unit, political subdivision, or county treasurer if the particular portfolio of the investment company or investment trust in which the investment is made (i) is limited to obligations described in items (a), (b), and (e) of this subsection, and (ii) has among its objectives the attempt to maintain a constant net asset value of one dollar a share and to that end, value its assets by the amortized cost method.

The District's cash investment objectives are preservation of capital, liquidity, and yield. The District reports its cash and investments at fair value which is normally determined by quoted market prices. The District currently has the following investments:

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEARS ENDED JUNE 30, 2025 AND 2024

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

#### 1. Cash, Cash Equivalents, and Investments (Continued)

- Money Market Treasury Funds are government securities with maturities of less than one year.
- South Carolina Local Government Investment Pool ("SCLGIP") investments are invested with the South Carolina State Treasurer's Office, which established the South Carolina Pool pursuant to Section 6-6-10 of the South Carolina Code. The SCLGIP is an investment trust fund, in which public monies in excess of current needs, which are under the custody of any city treasurer or any governing body of a political subdivision of the State, may be deposited. In accordance with GASB Statement No. 31 "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" and GASB Statement No. 72 "Fair Value Measurement and Application", investments are carried at fair value determined annually based upon (a) quoted market prices for identical or similar investments or (b) observable inputs other than quoted market prices. The total fair value of the SCLGIP is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1.00. Funds may be deposited by Pool participants at any time and may be withdrawn upon 24 hours' notice. Financial statements for the Pool may be obtained by writing the Office of State Treasurer, Local Government Investment Pool, P.O. Box 11778, Columbia, SC 29211-1960.

### 2. Inventories and Prepaid Items

Inventories and Prepaid items are generally accounted for using the purchase method (expensed when paid). The District uses the purchase method of accounting for inventory and prepaid items in that as inventories or prepaid items are purchased, they are expensed, and subsequently at year end, the inventories and prepaid items balance sheet accounts are adjusted for remaining prepaid or inventory on hand amounts. Inventories of maintenance parts and supplies are valued at the weighted average cost method.

### 3. Accounts Receivable

Accounts receivable includes amounts billed but not collected as of year-end. The District renders bills to residential, commercial, and industrial customers for water consumption on billing cycles run twice a month ("Billed Services"). The District also accrues a receivable for estimated water consumption earned from the last billing cycle in the year up through the year end date ("Earned but Unbilled"). Allowances for doubtful accounts are maintained based on historical results adjusted to reflect current conditions.

#### 4. Unearned Revenue

The District receives payments from developers for capacity fees. These fees will be recognized as revenue as meters are set in each individual development.

#### 5. Restricted Assets

Restricted assets represent cash and investments maintained in accordance with bond resolutions, loan agreements, grant awards, and other resolutions or formal actions of the District for the purpose of funding certain debt service payments, depreciation and contingency activities and improvements to the system.

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEARS ENDED JUNE 30, 2025 AND 2024

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

### 6. Capital Assets

Capital assets are carried at cost. Donated capital assets are recorded at acquisition value at the date of donation. These assets are depreciated over the estimated useful life using the straight-line method. The District defines its capitalization policy as assets costing \$10,000 and having an estimated useful life of greater than three years.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Classification	Useful Life
Structure and distribution lines	25-99 years
Equipment	4-8 years
Vehicles	4-5 years
Buildings	20-50 years
Buildings - furniture	2-8 years
Land Improvements	20 years

#### 7. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The District currently has two types of deferred outflows of resources: (1) The District reports deferred pension charges in its Statement of Net Position in connection with its participation in the South Carolina Retirement System. (2) The District reports deferred OPEB charges in its Statement of Net Position in connection with its OPEB plan. These deferred pension and OPEB charges are either (a) recognized in the subsequent period as a reduction of the net pension/OPEB liability (which includes pension contributions made after the measurement date) or (b) amortized in a systematic and rational method as pension expense in future periods in accordance with GAAP.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources until that time. The District currently has two types of deferred inflows of resources. (1) The District reports deferred pension credits in its Statement of Net Position in connection with its participation in the South Carolina Retirement System. (2) The District reports deferred OPEB credits in its Statement of Net Position in connection with its OPEB plan. These deferred pension and OPEB credits are amortized in a systematic and rational method and recognized as a reduction of pension/OPEB expense in future periods in accordance with GAAP.

#### 8. Compensated Absences

The District provides eligible employees annual leave for each full calendar month of service. When an employee separates from employment, the employee is compensated for any unused leave, to the extent or limit under the applicable employment policy. The District reports compensated absences in accordance with the provisions of GASB Statement No. 100 "Compensated Absences." The District considers the entire accrual for compensated absences as of June 30, 2025 and 2024 to be current and therefore has included the liability in the Accrued Payroll and Related Liabilities in the Statements of Net Position.

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEARS ENDED JUNE 30, 2025 AND 2024

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

### 9. Long-Term Obligations

Long-term debt is reported at face value. Costs related to the issuance of debt are expensed in the year incurred. Gains or losses occurring from advanced or current refundings of debt are deferred and amortized as interest expense over the remaining life of the old bonds, or the life of the new bonds, whichever is shorter.

#### 10. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the Statement of Net Position. Net position is classified as net investment in capital assets; restricted; and unrestricted. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Outstanding debt which has not been spent is included in the same net position component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislation or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments. Unrestricted net position consists of all other amounts not included in the above categories.

### 11. Pensions and Other Postemployment Benefits

In the District's financial statements, pensions and other postemployment benefits ("OPEB") are required to be recognized and disclosed using the accrual basis of accounting (see Note III.A and Note III.B and the required supplementary information immediately following the notes to the financial statements for more information). The District recognizes net pension and OPEB liabilities for each plan in which it participates, which represents the excess of the total pension and OPEB liabilities over the fiduciary net position of the qualified plan, or the District's proportionate share thereof in the case of a cost-sharing multiple-employer plan, measured as of the District's fiscal year-end. Changes in the net pension and OPEB liabilities during the period are recorded as pension and OPEB expenses, or as deferred outflows or inflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension and OPEB liabilities that are recorded as deferred outflows or inflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the respective qualified plan and recorded as a component of pension and OPEB expense beginning with the period in which they are incurred. Any projected earnings on qualified pension and OPEB plan investments are recognized as a component of pension and OPEB expense. Differences between projected and actual investment earnings are reported as deferred outflows or inflows of resources and amortized as a component of pension and OPEB expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEARS ENDED JUNE 30, 2025 AND 2024

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Equity (Continued)

#### 12. Fair Value

The fair value measurement and disclosure framework provides for a three-tier fair value hierarchy that gives highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the District can access at the measurement date.
- Level 2 Inputs to the valuation methodology, other than quoted prices included in Level 1, that are observable for an asset or liability either directly or indirectly and include:
  - Quoted prices for similar assets and liabilities in active markets.
  - Quoted prices for identical or similar assets or liabilities in inactive markets.
  - Inputs other than quoted market prices that are observable for the asset or liability.
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology that are unobservable for an asset or liability and include:
  - Fair value is often based on developed models in which there are few, if any, observable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of future net realizable values or reflective of future fair values. The District believes that the valuation methods used are appropriate and consistent with GAAP. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no significant changes from the prior year in the methodologies used to measure fair value.

### II. DETAILED NOTES ON ALL ACTIVITIES

### A. Deposits and Investments

#### **Deposits**

<u>Custodial Credit Risk for Deposits:</u> Custodial credit risk for deposits is the risk that, in the event of a bank failure, the District's deposits might not be recovered. The District does not have a deposit policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2025 and 2024, the District did not have any deposits that were uninsured or under collateralized.

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEARS ENDED JUNE 30, 2025 AND 2024

### II. DETAILED NOTES ON ALL ACTIVITIES (CONTINUED)

#### A. Deposits and Investments (Continued)

#### Investments

As of June 30, 2025, the District had the following investments and maturities:

,,	Fair Fair Value Credit Ratings			Weighted Average Maturity				
Investment Type		Value	Level (1)	S&P	Moody's	Fitch		<1 Year
Fidelity Institutional Money Market Treasury SC LGIP	\$	2,646,195 29,666,120	Level 1 N/A	AAAm NR	AAA-mf NR	NR NR	\$	2,646,195 29,666,120
	\$	32,312,315					\$	32,312,315

<sup>(1)</sup> See Note I.D.12 for details of the District's fair value hierarchy.

As of June 30, 2024, the District had the following investments and maturities:

	Fair	Fair Value	(	Credit Rating	s	WE	Maturity
Investment Type	 Value	Level (1)	S&P	Moody's	Fitch		<1 Year
Fidelity Institutional Money Market Treasury	\$ 2,604,384	Level 1	AAAm	AAA-mf	NR	\$	2,604,384
SC LGIP	 27,658,452	N/A	NR	NR	NR		27,658,452
	\$ 30,262,836					\$	30,262,836

<sup>(1)</sup> See Note I.D.12 for details of the District's fair value hierarchy.

<u>Interest Rate Risk:</u> The District does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

<u>Custodial Credit Risk for Investments:</u> Custodial credit risk for investments is the risk that, in the event of a counterparty failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have an investment policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2025 and 2024, none of the District's investments were exposed to custodial credit risk for investments.

<u>Concentration of Credit Risk for Investments:</u> The District places no limit on the amount it may invest in any one issuer. Investments issued by or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools, and other pooled investments are exempt from concentration of credit risk disclosures.

### II. DETAILED NOTES ON ALL ACTIVITIES (CONTINUED)

#### C. Joint Venture

The District and Union County, North Carolina (the "County") constructed a water impoundment and treatment facility on the Catawba River in Lancaster County in 1991 known as the Catawba River Water Supply Project (the "Venture"), which operates the Catawba water plant. The District has an ongoing financial interest in and responsibility for the Venture and participates in operating the Venture on a joint board of directors consisting of equal representation from Union County and the District. The District has a 50% interest in the Venture, which is accounted for under the equity method of accounting.

The following is a summary of the financial position and results of operations of the Venture. A full copy of the separately issued financial statements of the Venture can be obtained by contacting the Chief Administrative Staff Person at 5107 Riverside Road, Post Office Box 214, Van Wyck, South Carolina 29744.

	 2025	2024
Current Assets Investment - Capital Replacement Capital Assets - Net Deferred Outflows of Resources	\$ 2,943,627 1,654,579 90,578,540 1,191,874	\$ 1,880,801 1,575,007 93,387,203 1,316,428

Capital Contributions	 349,859	 716,714
Change in Net Position	\$ (1,740,351)	\$ (2,610,990)

### D. Developer Capacity Fees

On February 10, 2004, the District approved its Water and Wastewater Developer Policy, as amended and renamed June 14, 2022, to the Water and Wastewater Extension Policy. This policy requires developers to pay one half of the capacity fees prior to development in order to recover from new customers a portion of the incremental cost of providing capacity. The remaining capacity fees (which consist of one half of the capacity fees in effect at the time the meter is installed) shall be due prior to any meters being installed by the District personnel, at which time revenue will be recognized. Developer capacity fees were approximately \$11,041,000 and \$8,797,000 as of June 30, 2025 and 2024, respectively and presented as unearned revenue in the accompanying statements of net position.

## YEARS ENDED JUNE 30, 2025 AND 2024

## II. DETAILED NOTES ON ALL ACTIVITIES (CONTINUED)

## F. Long-Term Obligations

The following is a summary of changes in the District's long-term obligations for the year ended June 30, 2025:

Long-Term Obligations	Beginning Balance	Additions	Ending Balance	Due Within One Year	
Revenue bonds payable	\$ 30,474,000	-	(3,207,000)	27,267,000	\$ 3,275,000
The following is a summary of changes in	n the District's lo	ng-term oblig	ations for the	year ended Ju	ne 30, 2024:
To all it	Beginning	. 110	<b>.</b>	Ending	Due Within
Long-Term Obligations	Balance	Additions	Reductions	Balance	One Year
Revenue bonds payable	\$ 33,620,000	-	(3,146,000)	30,474,000	\$ 3,207,000

Revenue bonds payable at June 30, 2025 and 2024 were comprised of the following issuances:

	2025	2024
\$10,000,000 Improvement Revenue Bonds, Series 2013 issued in October 2013 with a fixed interest rate of 2.46% and matures in October 2028. The bonds are collateralized by system revenues.	\$ 3,015,000	\$ 3,730,000
\$10,000,000 Reservoir Improvement Revenue Bonds, Series 2015 issued in October 2015 with a fixed interest rate of 2.16% and matures in October 2030. The bonds were issued to finance the District's Investment in Joint Venture. The bonds are collateralized by system revenues.	4,658,000	5,377,000
\$26,500,000 Waterworks and Sewer System Improvement Revenue Bond, Series 2020 issued in February 2020 with a fixed interest rate of 1.79% and matures in October 2034. The bonds are collateralized by system revenues.	19,594,000	21,367,000
Total Revenue Bonds	\$ 27,267,000	\$ 30,474,000

### F. Long-Term Obligations (Continued)

Following is a summary of the debt service requirements to maturity for the District's revenue bonds as of June 30, 2025:

Year Ended		Revenue Bo		
June 30,	_	Principal	Interest	 Total
2026	\$	3,275,000	492,942	\$ 3,767,942
2027		3,339,000	425,968	3,764,968
2028		3,399,000	357,739	3,756,739
2029		3,459,000	288,306	3,747,306
2030		2,740,000	227,255	2,967,255
2031-2035		8,934,000	455,257	9,389,257
2036-2040		2,121,000	19,015	2,140,015
Totals	\$	27,267,000	2,266,482	\$ 29,533,482

### III. OTHER INFORMATION

#### A. Retirement Plan

The District participates in the State of South Carolina's retirement plans. The South Carolina Public Employee Benefit Authority ("PEBA"), created July 1, 2012, is the state agency responsible for the administration and management of the retirement systems and benefit programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' ("Systems") five defined benefit pension plans. PEBA has an 11-member Board of Directors ("PEBA Board"), appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority ("SFAA"), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with GAAP. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

The PEBA issues an Annual Comprehensive Financial Report ("ACFR") containing financial statements and required supplementary information for the System's Pension Trust Funds. The ACFR is publicly available through the PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. The PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the ACFR of the state.

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEARS ENDED JUNE 30, 2025 AND 2024

### III. OTHER INFORMATION (CONTINUED)

#### A. Retirement Plan (Continued)

#### Plan Description

The South Carolina Retirement System ("SCRS"), a cost—sharing multiple-employer defined benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts and participating charter schools, public higher education institutions, other participating local subdivisions of government and individuals first elected to the South Carolina General Assembly at or after the general election in November 2012.

#### Plan Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented on the following page.

• SCRS – Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and first-term individuals elected to the South Carolina General Assembly. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

### Plan Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of benefit terms for each system is presented below.

• SCRS – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

### NOTES TO THE FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2025 AND 2024

### III. OTHER INFORMATION (CONTINUED)

### A. Retirement Plan (Continued)

### Plan Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS ("Plan") contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability ("UAAL") over a period that does not exceed the number of years scheduled in state statute. The Retirement Funding and Administration Act of 2017 increased, but also established a ceiling for SCRS employee contribution rate. Effective July 1, 2017, employee rates were increased and capped at 9.00 percent for the SCRS. The legislation also increased employer contribution rates beginning July 1, 2017 for the SCRS until reaching 18.56 percent for the SCRS. The legislation included a further provision that if the scheduled contributions are not sufficient to meet the funding periods set in state statute, the PEBA Board would increase the employer contribution rates as necessary to meet the funding periods set for the applicable year.

Pension reform legislation modified the statute such that the employer contribution rates for SCRS to be further increased, not to exceed one-half of one percent in any one year if necessary, in order to improve the funding of the plans. The statute set rates intended to reduce the unfunded liability of SCRS to the maximum amortization period of 20 years from 30 years over a ten-year schedule, as determined by the annual actuarial valuations of the Plans. Finally, under the revised statute, the contribution rates for SCRS may not be decreased until the Plans are at least 85 percent funded.

As noted earlier, both employees and the District are required to contribute to the Plan at rates established and as amended by the PEBA. The District's contributions are actuarially determined but are communicated to and paid by the District as a percentage of the employees' annual eligible compensation. Required employer and employee contribution rates for the past year are as follows:

	SCRS Rates					
	2025	2024				
Employer Contribution Rate: ^						
Retirement	18.41%	18.41%				
Incidental Death Benefit	0.15%	0.15%				
Accidental Death Contributions	0.00%	0.00%				
	18.56%	18.56%				
Employee Contribution Rate ^	9.00%	9.00%				

 $<sup>^{\</sup>wedge}$  Calculated on earnable compensation as defined in Title 9 of the South Carolina Code of Laws.

The actual and required contributions to the SCRS were approximately \$1,074,000 and \$973,000 for the year ended June 30, 2025 and 2024, respectively.

### NOTES TO THE FINANCIAL STATEMENTS

### **YEARS ENDED JUNE 30, 2025 AND 2024**

### III. OTHER INFORMATION (CONTINUED)

### A. Retirement Plan (Continued)

### Actuarial Assumptions and Methods

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019. A more recent experience report on the Systems was issued for the period ending June 30, 2023 and will be used for future valuations.

The June 30, 2024 total pension liability ("TPL"), net pension liability ("NPL"), and sensitivity information shown in this report were determined by the consulting actuary, Gabriel, Roeder, Smith and Company, and are based on an actuarial valuation performed as of July 1, 2023. The TPL was rolled-forward from the valuation date to the Plans' fiscal year end, June 30, 2024, using generally accepted actuarial principles. There was no legislation enacted during the 2024 legislative session that had a material change in the benefit provisions for any of the systems.

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2024 (measurement date) for the SCRS.

SCRS

Actuarial Assumptions:

7.00%

### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rate of returns represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2024 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the following table. For actuarial purposes, the 7.00 percent assumed annual investment rate of return used in the calculation of the TPL includes a 4.75 percent real rate of return and a 2.25 percent inflation component.

Allocation/Exposure	Policy Target	Expected Arithmetic Real Rate of Return	Long-Term Expected Portfolio Real Rate of Return
Public Equity	46.0%	6.23%	2.86%
Bonds	26.0%	2.60%	0.68%
Private Equity	9.0%	9.60%	0.86%
Private Debt	7.0%	6.90%	0.48%
Real Assets	12.0%		
Real Estate	9.0%	4.30%	0.39%
Infrastructure	3.0%	7.30%	0.22%
Total Expected Real Rate of Return	100.0%	_	5.49%
Inflation for Actuarial Purposes		<del>_</del>	2.25%
Total Expected Nominal Return			7.74%

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

The NPL is calculated separately for each System and represents that particular System's TPL determined in accordance with GASB No. 67 less that System's fiduciary net position. NPL totals, as of the June 30, 2024 measurement date, and the June 30, 2023 measurement date, for the SCRS are presented in the following table:

						Plan Fiduciary Net
				_		Position as a Percentage
M easurement			Plan Fiduciary Net	Emp	loyers' Net Pension	of the Total Pension
Date	Tot	al Pension Liability	Position	Liability (Asset)		Liability
June 30, 2024	\$	61,369,806,968	37,919,492,371	\$	23,450,314,597	61.8%
June 30, 2023	\$	58,464,402,454	34,286,961,942	\$	24,177,440,512	58.6%

### NOTES TO THE FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2025 AND 2024

### III. OTHER INFORMATION (CONTINUED)

### A. Retirement Plan (Continued)

### Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The TPL is calculated by the Systems' actuary, and each Plans' fiduciary net position is reported in the Systems' financial statements. The NPL is disclosed in accordance with the requirements of GASB No. 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the Plans' funding requirements.

At June 30, 2025 and 2024, the District reported liabilities of approximately \$8,944,000 and \$9,226,000 for its proportionate share of the NPL for the SCRS. The NPL was measured as of June 30, 2024 and 2023, and the TPL for the Plan used to calculate the NPL were determined based on the most recent actuarial valuation reports as of July 1 of the preceding year that was projected forward to the measurement date. The District's proportion of the NPL was based on a projection of the District's long-term share of contributions to the Plan relative to the projected contributions of all participating South Carolina state and local governmental employers, actuarially determined. At the June 30, 2024 measurement date, the District's SCRS proportion was 0.038138 percent, which was an increase of 0.000109 percent from its proportion measured as of June 30, 2023. At the June 30, 2023, measurement date, the District's SCRS proportion was 0.03829 percent, which was a decrease of 0.000114 percent from its proportion measured as of June 30, 2022.

For the year ended June 30, 2025, the District recognized pension expense of approximately \$1,029,000 for the SCRS. At June 30, 2025, the District reported deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to pensions from the following sources:

Description	Deferred Outflows of Resources		 Deferred Inflows of Resources	
SCRS				
Differences Between Expected and Actual Experience	\$	293,916	\$ 11,100	
Change in Assumptions		157,673	-	
Net Difference Between Projected and Actual Earnings on Pension Plan Investments		-	344,597	
Changes in Proportion and Differences Between the Employer's				
Contributions and Proportionate Share of Contributions		38,086	18,143	
Employer Contributions Subsequent to the Measurement Date		1,074,525	-	
Total SCRS	\$	1,564,200	\$ 373,840	

### NOTES TO THE FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2025 AND 2024

### III. OTHER INFORMATION (CONTINUED)

### A. Retirement Plan (Continued)

### Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2024, the District recognized pension expense of approximately \$1,327,000 for the SCRS. At June 30, 2024, the District reported deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to pensions from the following sources:

Description	Deferred Outflows of Resources		 Deferred Inflows of Resources	
SCRS				
Differences Between Expected and Actual Experience	\$	160,174	\$ 25,583	
Change in Assumptions		141,352	-	
Net Difference Between Projected and Actual Earnings on Pension Plan Investments		-	12,628	
Changes in Proportion and Differences Between the Employer's				
Contributions and Proportionate Share of Contributions		241,273	22,809	
Employer Contributions Subsequent to the Measurement Date		972,701	-	
Total SCRS	\$	1,515,500	\$ 61,020	

Approximately \$1,075,000 that was reported as deferred outflows of resources related to the District's contributions subsequent to the measurement date to the SCRS, will be recognized as a reduction of the NPL in the year ended June 30, 2026. Approximately \$973,000 that was reported as deferred outflows of resources related to the District's contributions subsequent to the measurement date to the SCRS, were recognized as a reduction of the NPL in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to the SCRS will increase (decrease) pension expense as follows:

Year Ended June 30,	 2025	2024
2025	\$ _	\$ 364,289
2026	(95,124)	(142,476)
2027	312,497	265,377
2028	(11,044)	(5,411)
2029	(90,494)	-
Total	\$ 115,835	\$ 481,779

### Discount Rate

For the years ended June 30, 2025 and 2024, the discount rate used to measure the TPL was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in the SCRS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

### NOTES TO THE FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2025 AND 2024

### III. OTHER INFORMATION (CONTINUED)

### A. Retirement Plan (Continued)

### Sensitivity Analysis

The following table presents the sensitivity of the District's proportionate share of the NPL of the Plan to changes in the discount rate for the year ended June 30, 2025 (measurement date of June 30, 2024), calculated using the discount rate of 7.00 percent, as well as what it would be if it were calculated using a discount rate that is 1% point lower (6.00 percent) or 1% point higher (8.00 percent) than the current rate:

System	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability of the SCRS	\$ 11,589,798	8,943,525	\$ 6,506,518

The following table presents the sensitivity of the District's proportionate share of the NPL of the Plan to changes in the discount rate for the year ended June 30, 2024 (measurement date of June 30, 2023), calculated using the discount rate of 7.00 percent, as well as what it would be if it were calculated using a discount rate that is 1% point lower (6.00 percent) or 1% point higher (8.00 percent) than the current rate:

System	 1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)		
District's proportionate share of the net pension liability of the SCRS	\$ 11,920,541	9,225,743	\$ 6,985,922		

### Plan Fiduciary Net Position

Detailed information regarding the fiduciary net position of the Plan administered by the PEBA is available in the separately issued ACFR containing financial statements and required supplementary information for the SCRS. The ACFR is publicly available through the PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223.

### Payable to Plan

The District reported a payable of approximately \$159,000 to the PEBA as of June 30, 2025, representing required employer and employee contributions for the month of June 2025 for the SCRS. This amount is included in Accrued Payroll and Related Liabilities on the financial statements and was paid in July 2025. The District reported a payable of approximately \$152,000 to the PEBA as of June 30, 2024, representing required employer and employee contributions for the month of June 2024 for the SCRS. This amount is included in Accrued Payroll and Related Liabilities on the financial statements and was paid in July 2024.

### NOTES TO THE FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2025 AND 2024

### III. OTHER INFORMATION (CONTINUED)

### B. Other Postemployment Benefit Plan

### Plan Description

The District, through its substantive commitment to provide other post-employment benefits (OPEB), maintains a single employer defined benefit plan (the plan), administered by the District, to provide certain postretirement healthcare benefits. The plan provides medical, dental and vision insurance coverage through the SC PEBA state healthplan to eligible retirees and their spouses for life, and upon death of the retiree, the surviving spouse may continue coverage for life. Participants must be eligible to retire under the South Carolina Retirement System (SCRS) to receive benefits. The District provides approximately 93% and 78% of the cost of coverage for retirees only and retirees and spouses, respectively, under 65; and provides approximately 74% and 70% of the cost of coverage of retirees only and retirees and spouses, respectively, over 65. Retirees are required to pay the remaining portion of the premiums. The District, upon majority vote of the elected 6 member Board of Commissioners, has the authority to establish and amend benefit provisions. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. Because the plan consists solely of the District's firm commitment to provide OPEB through the payment of premiums ("pay as you go") to the SC PEBA state health plan, no standalone financial report is either available or generated.

### Plan Membership

Membership in the plan as of June 30, 2025 was:

Inactive Members or Beneficiaries Currently Receiving Benefit Payments	40
Active Members	91
Total Membership	131

### Plan Benefits and Contributions

The District has elected to fund the OPEB plan on a "pay as you go" basis as determined by the District's board. Plan members, once retired, contribute to the plan based on insurance coverage elected and age (under or over 65). The District paid approximately \$253,000 and \$251,000 for the pay as you go benefits for the OPEB plan for the years ended June 30, 2025 and 2024, respectively.

### Actuarial Assumptions and Method

Actuarial valuations of the OPEB Plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, inflation, healthcare cost trend rates, and future salary changes. Amounts determined regarding the net OPEB liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive OPEB Plan (the plan as understood by the employer and its members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

### NOTES TO THE FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2025 AND 2024

### III. OTHER INFORMATION (CONTINUED)

### B. Other Postemployment Benefit Plan (Continued)

### OPEB Liabilities, OPEB Expense, and Deferred Outflows/Inflows of Resources Related to OPEB (Continued)

For the fiscal year ended June 30, 2024, the District's net OPEB liability was measured as of July 1, 2023 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2023.

For the years ended June 30, 2025 and 2024, the District recognized OPEB expense of approximately \$301,000 and \$455,000, respectively.

At June 30, 2025, the District reported deferred outflows of resources (deferred OPEB charges) and deferred inflows of resources (deferred OPEB credits) related to OPEBs from the following sources:

Description	Our	eferred tflows of esources	]	Deferred Inflows of Resources
Differences Between Expected and Actual Experience Changes of Assumptions Employer Contributions Subsequent to the Measurement Date	\$	854,570 1,883,778 253,465	\$	2,295,726 3,189,499 -
Total	\$	2,991,813	\$	5,485,225

At June 30, 2024, the District reported deferred outflows of resources (deferred OPEB charges) and deferred inflows of resources (deferred OPEB credits) related to OPEBs from the following sources:

Description	C	Deferred Outflows of Resources	]	Deferred Inflows of Resources
Description		Resources		Resources
Differences Between Expected and Actual Experience	\$	971,635	\$	2,730,665
Changes of Assumptions		2,311,908		3,308,657
Employer Contributions Subsequent to the Measurement Date		250,767		_
Total	\$	3,534,310	\$	6,039,322

For the year ended June 30, 2025, approximately \$253,000 that was reported as deferred outflows of resources related to the District's contributions subsequent to the measurement date will be recognized as a reduction of the NOL in the year ended June 30, 2026. For the year ended June 30, 2024, approximately \$251,000 that was reported as deferred outflows of resources related to the District's contributions subsequent to the measurement date were recognized as a reduction of the NOL in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources (deferred OPEB charges) and deferred inflows of resources (deferred OPEB credits) related to the SCRHITF will increase (decrease) OPEB expense as follows:

### Discount Rate

At June 30, 2025 and 2024, the District used the discount rates used to measure the total OPEB liability of 3.93% and 3.65%, respectively. These rates are based on the General Obligation 20-year Municipal Bond Rates published at the end of the last week during the month of June for the respective years.

### Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following table presents the sensitivity of the District's net OPEB liability to changes in the discount rate, for the year ended June 30, 2025 (measurement date of July 1, 2024), calculated using the discount rate of 3.93%, as well as what it would be if it were calculated using a discount rate that is 1% point lower (2.93%) or 1% point higher (4.93%) than the current rate:

	(2.93%)	Current Discount Rate (3.93%)	1% Increase (4.93%)
Net OPEB Liability	\$ 10,329,458	8,765,460	\$ 7,523,385

The following table presents the sensitivity of the District's Total OPEB liability to changes in the discount rate, for the year ended June 30, 2024 (measurement date of July 1, 2023), calculated using the discount rate of 3.65%, as well as what it would be if it were calculated using a discount rate that is 1% point lower (2.65%) or 1% point higher (4.65%) than the current rate:

	1	% Decrease (2.65%)	Current Discount Rate (3.65%)	1% Increase (4.65%)
Total OPEB Liability	\$	10,301,379	8,706,057	\$ 7,444,324

### III. OTHER INFORMATION (CONTINUED)

### B. Other Postemployment Benefit Plan (Continued)

### Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following table presents the sensitivity of the District's net OPEB liability to changes in the healthcare cost trend rate for the year ended June 30, 2025 (measurement date of July 1, 2024), calculated using the healthcare cost trend rate of, as well as what it would be if it were calculated using a healthcare cost trend rate that is 1% point lower or 1% point higher than the current rate:

		Current Healthcare	
	 1% Decrease	Cost Trend Rate	1% Increase
Total OPEB Liability	\$ 7,382,731	8,765,460	\$ 10,705,288

The following table presents the sensitivity of the District's Total OPEB liability to changes in the healthcare cost trend rate for the year ended June 30, 2024 (measurement date of July 1, 2023), calculated using the healthcare cost trend rate of, as well as what it would be if it were calculated using a healthcare cost trend rate that is 1% point lower or 1% point higher than the current rate:

			Current Healthcare	
	19	6 Decrease	Cost Trend Rate	 1% Increase
Total OPEB Liability	\$	7,268,802	8,706,057	\$ 10,587,423

### C. Related Parties

The District purchased approximately 4,602,810,000 and 4,152,406,000 gallons of water from the Venture at a cost of approximately \$4,326,641 and \$3,280,000 for the years ended June 30, 2025 and 2024, respectively. The Venture was obligated to the District for payrolls processed by the District of approximately \$72,600 and \$59,000, for the years ended June 30, 2025 and 2024, respectively.

Under terms of the Venture, during 2012, the District entered into a separate agreement whereby the District leases Union County, North Carolina excess water capacity from the Venture at annually increasing rates ranging from \$34,332 - \$34,343 per month for the period ending June 30, 2025. During 2025 and 2024 the District recognized approximately \$412,000, for both years, in revenue from the agreement. The agreement terminated June 30, 2025.

### D. Risk Management

The District is exposed to various risks of loss related to: torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is insured under policies through the South Carolina Office of Insurance Services, South Carolina Insurance Reserve Fund ("IRF"), a public entity risk pool, which issues policies to assume those risks of loss, accumulates assets to cover the risks of loss, and pays claims incurred for covered losses the District is exposed to, related to the following assessments, activities, and/or events:

- 1. Real property, its contents, and other equipment.
- 2. Motor vehicles
- 3. General tort claims

The District did not have settled claims that exceeded the District's insurance coverage in any of the past three years. The IRF purchases reinsurance to obtain certain services and specialized coverage and to limit losses in the areas of property, boiler and machinery, equipment and auto liability. The IRF's rates are determined actuarially.

### NOTES TO THE FINANCIAL STATEMENTS

### YEARS ENDED JUNE 30, 2025 AND 2024

### III. OTHER INFORMATION (CONTINUED)

### D. Risk Management (Continued)

The District obtains coverage through a commercial insurer for employee fidelity bond insurance for all of its employees for losses arising from theft or misappropriation and for workers' compensation insurance claims. The District also has a cybersecurity policy in place.

### E. Commitments and Contingencies

In connection with ongoing construction projects, the District has entered into various agreements obligating the District to commit additional financial resources to complete various projects. The District has committed to provide future capacity to developers who pay one half of the capacity fee prior to development. As of June 30, 2025, the District has committed to various projects and signed contracts with outstanding commitments of approximately \$13,532,000 on contracts totaling \$28,604,000. The majority of commitments are related to ongoing infrastructure upgrades. Other than the aforementioned, these agreements are not considered by management to have a material effect on the future cash flows or financial position of the District.

### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

### YEAR ENDED JUNE 30, 2025

### A - General

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") presents the activity of all federal award programs of the Lancaster County Water and Sewer District (the "District") for the year ended June 30, 2025. All federal awards received directly from the federal agencies, as well as those passed through other government agencies, are included on the Schedule.

### B - Basis of Accounting

The accompanying Schedule is presented using the accrual basis of accounting, which is described in the notes to the District's financial statements.

### C - Relationship to Financial Statements

Federal award expenditures are reported as capital asset additions in the District's financial statements.

### D - Relationship to Federal Financial Reports

Amounts reported in the accompanying schedule agree with the amounts reported in the related federal financial reports except for timing differences relating to expenditures made subsequent to the filing of the federal financial reports.

### E - Indirect Cost Rate

The District has elected not to use the de minimis indirect cost rate allowed under the Uniform Guidance.

This page is intentionally left blank

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

### INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Lancaster County Water and Sewer District Lancaster, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States ("Government Auditing Standards"), the financial statements of the governmental activities and each major fund of Lancaster County Water and Sewer District, South Carolina (the "District"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 13, 2025. Our report includes a reference to other auditors who audited the financial statements of the Catawba River Water Supply Project, a joint venture, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Greene Finney Cauley, LLP Mauldin, South Carolina

Greene Finney Cauly, LLP

October 13, 2025

### REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

### INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Lancaster County Water and Sewer District Lancaster, South Carolina

### Report on Compliance for Each Major Federal Program

### Opinion on Each Major Federal Program

We have audited the Lancaster County Water and Sewer District, South Carolina's (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2025. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States ("Government Auditing Standards"); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists.

— GREENEFINNEYCAULEY.CPA · INFO@GREENEFINNEYCAULEY.CPA —

The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform
  audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence
  regarding the District's compliance with the compliance requirements referred to above and performing such
  other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
